

# Dog & Pony

Once upon a time, there was a boy who delivered the morning papers astride Comanche, his trusty steed. One day, a stray dog decided to adopt the boy, and Maverick, as the boy called him, followed faithfully along behind Comanche, never missing a day. It is for these three merry musketeers whose friendship will live forever, that the Dog & Pony brand is named. Here's to forgotten varieties and the unforgettable pleasure they bring.
